

Offboarding Procedure

Final Pay

Departing employees receive their final paycheck, including any unused PTO payout, on the next regularly scheduled payroll date after their last day, or sooner where required by state law (several states require final pay immediately or within 72 hours for involuntary terminations).

Equipment Return

All company equipment (laptop, monitor, badge) must be returned within 5 business days of the last day of employment via prepaid shipping label provided by IT. Unreturned equipment may be deducted from final pay where permitted by state law.

Benefits After Departure

Health benefits end on the last day of the month of departure. COBRA continuation coverage information is mailed within 14 days, and the departing employee has 60 days from the COBRA notice to elect continuation coverage.

Exit Interview

Departing employees are invited to an optional exit interview with HR, conducted separately from the employee's manager, to gather candid feedback on their experience at Contoso Corp.
